Getting Your Personal Results

Everyone who takes the Jesus Journey survey — online or on paper — receives a personal feedback report on their walk with Jesus: their strengths, and the areas where they are being invited to grow.

If you wish a personal feedback report from this Jesus Journey survey, please create a unique identifier that only you will know.

(This code is not entered into the computer. It is used only for you to collect your report.)

First 3 letters of your mother's first name

The day in the month of your own birthday (01–31)

For paper surveys: your church's survey coordinator or volunteer will use this code to match your completed survey to your personal report and hand it back to you — your code is never entered into the online system and is not linked to your name.

WHY THIS MATTERS

Your Jesus Journey report is meant to be personal and encouraging — a snapshot of where you are right now, and where you might grow next. Using an identifier that only you know keeps this process anonymous and confidential, while still giving you a report that speaks directly to your own answers. No one else — not your church, not the Jesus Journey team — will ever see your name attached to your answers.
